

T.C. Woman Assaulted Along County Rd. 612

Sandra Defer, 24, of Traverse City, was severely beaten by a man after her car was forced off County Rd. 612 early Monday morning.

Defer was returning to Traverse City from Lewiston when her vehicle was forced off the road near Shupac Lake by a full-sized gold car. A man, about 35 years old with black hair and about 5'10" in height, then beat Defer. She was taken to Mercy Hospital for treatment and transferred to Munson Medical Center.

No money or other goods were reported stolen in the assault. A white dog wearing a red collar and answering to Crystal was reported missing by Defer after the assault. The incident occurred at about 7:45 a.m. Anyone with information should call the Sheriff Department.

Sheriff Dept. Clears 7 B & E's, Four More Reported in County

The Crawford County Sheriff Dept. arrested three suspects last week solving seven breaking and enterings but before they turned around four more breaking and enterings were reported in the county.

"B & E's traditionally start to increase at this time of year," Undersheriff Robert Ruddy said.

Two Montrose men, Robert Larkin, Jr., 17, and Michael Larkin, 18, and a juvenile were arrested in connection with seven cabin break-ins and two attempted break-ins during July, along Greenwood Drive and Sandy Trail off M-72 East.

The new break-ins were reported in Grayling Township. Firearms valued at more than \$500 were taken from a residence along Old Lake Road and another break-in happened at a residence off M-93. The George Clark residence and an unoccupied house nearby were broken into with an undetermined amount of goods taken.

Crawford Co. RSVP Receives Grant

WASHINGTON, D.C.—The Crawford County Retired Senior Volunteer Program (RSVP) has been awarded a \$25,649 ACTION Agency grant, according to Congressman Bob Davis.

The grant will allow Crawford County to continue its activities in the very popular RSVP program. The program is designed to establish a recognized role in the community and a meaningful life in retirement for anyone 60 or over, by developing community projects through which these senior citizens may volunteer services. The projects often include activities in local hospitals, day-care centers, schools and libraries.

Road Revenues Climbing Back

Increased highway user taxes passed in December are expected to halt a long decline in road revenues.

State revenues are expected to increase by \$72 million this fiscal year and the Crawford County Road Commission will receive about \$75,000 more this year while the city of Grayling is expected to receive about \$4,300 more this year.

For 1984, it's projected Crawford County will receive \$253,000 more than in 1982 and Grayling will receive \$14,600 more than in 1982.

Grayling Twp. Moving Offices

Grayling Township will be moving its offices from the Grayling City Hall to the West M-72 Plaza in the middle of May.

The township, which has been requesting additional office space for a couple of years, will be renting 2200 square feet of office space in the plaza. The township is currently renting about 1000 feet of office space plus storage space and shares other common space at the city hall.

The township signed a five-year lease for the M-72 plaza space. Although the township will be renting more square feet, the township will be paying less for rental rates.

Sheriff Dept. Loses Detective Program

County budget problems have forced the sheriff department to drop a successful detective program that has produced 158 felony arrests in its two and a half years.

Beginning in April, Lt. Charles Haas was moved from his detective position to road duty in order to keep enough men on patrol. In two and a half years as detective, Haas helped recover more than \$135,000 in stolen goods.

Ironically, Haas made a request during 1983 budget hearings for another detective for the department. He said two detectives could more than double the amount of stolen goods he was recovering alone and he said two men might more than double the number of arrests made. He said the money spent for the extra detective would be more than made up for in the amount of stolen goods recovered and criminals arrested and taken off the street.

The extra detective position was denied because of budget limitations and more money problems eventually knocked out the first detective position. The sheriff dept., which has never got back up the number of officers it employed

before lay-offs in 1979, had to scramble to put patrols on the road whenever an officer got sick or went on vacation. Sheriff Joe White said his 9 road officers were running ragged working too many

overtime hours and they had to place Haas back into uniform as a last alternative.

The Sheriff said he didn't know how long the move would last.

Sues County

Inmate Wants \$250,000 For Sleeping on Army Cot

by Jon Thompson

An inmate at the Crawford County jail has filed a lawsuit alleging cruel and unusual punishment because he had to sleep on an army cot.

Michael Crane, 21, was lodged in the jail for breaking and entering charges after he escaped from Camp Lehman. He entered the jail on Nov. 22 and overcrowding in December caused Crane to spend six nights sleeping on an army cot, instead of on a standard bunk in a cell.

Crawford County Sheriff Joe White said all northern Michigan jails face overcrowding problems and Crane was not the first inmate at the Crawford County jail or at other jails to have to sleep on an army cot.

Crawford County Commissioner Mary Harland said it's ironic that an inmate can sue the county for \$250,000 after sleeping on an army cot when thousands of national guardsmen sleep on the cots every summer at Camp Grayling and the cots are good enough for the defense department, which has a multi-billion dollar budget.

Crane is reportedly trying to set precedence with his lawsuit so inmates around the state will not have to sleep on cots anymore.

Sheriff White said there were 23 prisoners - all from Crawford County - at the time Crane had to sleep on a cot. (The Crawford County jail has cell-space for 20

inmates). Crane was one of the inmates moved to the cots because of a state law requiring state prisoners and county prisoners be kept separate. Crane was moved back to a regular bunk after the overcrowding eased.

The lawsuit was filed in U.S. District Court in Bay City on Jan. 12 and a U.S. Marshall served the legal papers here March 30. Sheriff White along with Crawford County Commissioners Jeannette Kitchen and Larry Mattis, held a news conference Monday, April 4, to "quell rumors and let the citizens know what's going on."

Sheriff White said the county commissioners had authorized a jail study completed last year that contained one option for adding ten cells to the present jail at a cost of \$390,000. A new jail will cost about \$1.7 million.

"We do everything we can to provide a good clean jail and obey state department of corrections rules but the bottom line is the money it costs to do what they want us to," White said. "There are only so many dollars to work with."

"I think some of the laws for housing inmates are wrong and infringe on the rights on the taxpayers," County Commissioner Chairwoman Kitchen said. "Putting \$400,000 toward comforting inmates is a difficult thing to accept in these economic times when many taxpayers have a hard time putting bread on the table."

Quiet Weekend Under New Drunk Driving Law

by Jon Thompson

The drunk tank in the Crawford County jail has been strangely quiet since March 31st when new drunk driving laws went into effect.

As of Monday afternoon no one in the county had been booked for drunk driving since the tougher new laws began. Mike Johnson, Jail Administrator, said it's rare to go through a weekend without having someone booked for drunk driving.

"During the winter we have a few weekends without any but not very many," Johnson said.

He said in the last few years the county has never gone two weekends in a row without a drunk driving booking.

New harsh drunk driving laws in California worked wonders the first year - knocking drunk driving arrests in half - but the effect soon wore off and drunk

driving offenses increased to record levels the second year.

The new Michigan laws gives stiffer license penalties, makes offenders pay for substance abuse screen or rehabilitation, and makes it illegal for anyone to drive a vehicle with a blood alcohol level above .07 regardless of how it affects their driving.

Last year, 140 drunk drivers were arrested and booked in Crawford County.

Township Again Looking To Upgrade Zoning Laws

by Jon Thompson

Grayling Township - for the second time in two years - is again attempting to improve its 1966 zoning laws.

In 1981 the township made extensive changes in the zoning ordinances but later withdrew the changes after petitioners asking for a referendum took the township to the courtroom.

This time the township is following strict step-by-step procedures to try to make changes acceptable to the public and avoid an election to vote on zoning amendments.

Monday night, the Grayling Township Planning Commission - authors of the proposed amendments - held their second public meeting with close to 30 residents attending.

The planning commission will now consider comments from the two sessions and then present proposed amendments to the township board. The township board will then hold another public hearing before voting to place any changes into effect.

At the Monday night meeting, Reverend Don Roberts, of the Assembly of God Church, presented a petition with 94 signatures asking to add churches under the conditional use portion of commercial zones. Under the proposed amendments presented at the meeting, churches would not be able to build in a commercial zone. Roberts asked for a change under the conditional use rules to allow churches to apply for a special permit that would let them build in a commercial zone with the planning commission's approval.

Roberts said in Grayling township the only suitable places to build a church are in commercial zones. He said in this area a

church has to be in a highly visible location.

H. Richard Anderson, the planner which helped draw up most of the proposed amendments, said the reason churches are usually limited from building in commercial zones was the limited commercial land or high-exposure areas for businesses. He said Grayling Township should preserve enough commercial space for the survival of its tax base.

Art Lozon thought the proposed greenbelt amendments are too restrictive and the community might miss out on some development because of them. He said the AuSable River and Lake Margrethe don't have one restaurant on them and the proposed greenbelt laws would restrict the building of one even though a restaurant might not put an ounce of wear on the lake or river.

Charles Raches said a restaurant may not noticeably harm water quality but it would certainly be an undesirable intrusion to the natural and aesthetic beauty. Traffic, noise, odor, and other nuisance problems added by a restaurant would not add to the quality of the river, he said.

"We owe it to the river to preserve its uniqueness," Raches said.

Mike Delp said it would be a disaster to tamper with the greenbelt laws and place a recreational business anywhere along the waterway. He was in favor of making the proposed greenbelt laws a little stricter.

Grayling Township Supervisor Bernie Fowler said the proposed zoning laws are actually more flexible than the 1966 laws they may replace. The planner Anderson said township residents will probably have to come in less asking for variances if the proposed amendments are approved.

From Our Corner ...

Just in case you missed us...we're back in our corner following a two week's reprieve...

After looking over the past two issues we have to wonder if we were even missed at all in the office...looks like we will have to get on the stick to hold our job...and here all along we have thought we were indispensable...no way, the Avalanche crew did a great job during our absence...

We're still fighting the jet lag...just can't seem to get with it in helping to put out your favorite newspaper...maybe after this issue things will be back to normal...

It doesn't help any in trying to put this corner together on Sunday, and it being Easter Sunday at that...should be home and taking it easy, but there is just so much time to take care of the several aspects of putting a newspaper to bed...

This year's trip to the tinsel city in Nevada was the best we have taken, going by jet that is...we traveled by Republic Airlines both ways from Traverse City to Las Vegas, and the longest lay over we had was for 50 minutes in Houston on the way out...on our return trip we had a 45 minute lay over in Phoenix, but than our flight was straight through to Traverse with a 45 minute lay over in Chicago and a stop in Grand Rapids, but we didn't have to change planes...

It was sort of a good thing we only had to change planes once on the way back...our bride kept herself busy while we were out west playing the one armed bandits, and that is exactly what they are, bandits, she left all of her winnings out there...evidently, Cyd's mother Betty Moberly felt sorry for her and gave her a gift of a miniature slot machine to bring back to Michigan, so if she gets lonesome for the slots she has one right at home...it was quite a chore getting it under the seat in the planes, but then we only had to struggle with it twice...

Our two weeks out at Henderson, which is about a half hour drive from Las Vegas were just what the doctor ordered...we spent much of our time just R & R...the weather this year wasn't as nice as last year's, but we did get to sit in the sun a few days...we didn't get to use Dane and Cyd's spa this time, the weather was a bit too cool, the sun was out most every day but there was a cool breeze also blowing, I guess it was from all the storms that California was having...we weren't mad at all that we missed the big snow that hit Grayling and Michigan while we were gone...we did read about it and seen it on TV...that was as close as we wished to be...

The weather this winter has been something else...when we should have had snow, it wasn't there, now when it is spring, supposedly, the area again received a couple of inches last Saturday night...just in time for Easter...we have to wonder what kind of summer is in store for us...

This about takes care of this week's efforts...it is nice to go away for a while, but, it is also nice to be back home...goodnight T.J., Stefany and Amber, and to all of our readers think warm weather, spring is here according to the calendar...have a nice weekend...

The Bible Speaks

From Calvary Baptist Church

Christian Love is Reassuring

Romans 12:12

A Bible believing Christian can face the trials and tests of life with a pleasant peacefulness the world knows nothing about. "Rejoicing in hope; patient in tribulation; continuing instant in prayer." Romans 12:12.

1. Christians rejoice in blessings to come, "Rejoicing in hope." God has given the Christian so many wonderful promises of future blessings, that he should be able to look beyond the pain of present problems. The greatest hope of the Godly Christian is that "blessed hope" of the second coming of our God and Savior Jesus Christ. "Looking for that blessed hope, and the glorious appearing of the great God and our Savior Jesus Christ." Titus 2:13. All the present problems of this evil world will fade into insignificance when we see the light of our savior's face. No present problem should keep the Christian from having the joy of future hope. (Read also I Peter 1:6-8.)

2. Christians are patient in tribulation. Tribulation is the precious trial of our faith. "That the trial of your faith, being much more precious than of gold that perisheth, though it be tried with fire, might be found unto praise and honour and glory at the appearing of Jesus Christ." I Peter 1:7. "My brethren, count it all joy when ye fall into divers

temptations; Knowing this, that the trying of your faith worketh patience. But let patience have her perfect work, that ye may be perfect and entire, wanting nothing." James 1:2-4. Just as crying is the mark of immaturity in a baby, even so, patience is the mark of maturity in both physical and spiritual adulthood. No present problem is so great that the Christian cannot face it with patience.

3. Christian continuously commit their problems to their heavenly Father. "Continuing instant in prayer." "Casting all your care upon him; for he careth for you." I Peter 5:7. "Pray without ceasing." I Thess 5:17. "In every thing give thanks; for this is the will of God in Christ Jesus concerning you." I Thess 5:18. "And we know that all things work together for good to them that love God, to them who are the called according to his purpose." Romans 8:28. No present problem for the Christian is beyond God's care and providence. (adv.)

It won't be long before sacks of charcoal appear at local stores for use at innumerable summer cook-outs. Charcoal is made from hardwoods such as maple, and in some sections of this Country the land was denuded of trees to satisfy the demand for charcoal. Country people once made their own by covering a small pile of wood arranged in teepee fashion with wet leaves and sod. A small hole was left for a draft. It took three or four days and nights to reduce the wood to charcoal. This charcoal was used for blacksmithing, toothpaste, sweetening the breath, purifying water, making gunpowder, printer's ink, black paint, and various medicines; and way back in the 1860's, it was used to surface roads. Charcoal was used to make iron and it is reported that the early iron is better in several ways than modern iron because the charcoal used is carbon without imperfections.

Oh, by the way, if you try charcoal for cleaning your teeth as was once done, be aware that the first results may look quite ghastly but there is nothing more beneficial for teeth than charcoal powder. What happens if you swallow some? It will sweeten an upset stomach.

the 1976 Pulitzer Prize winning drama, "The Shadow Box", by Michael Cristofer.

The Shadow Box centers around three individuals whose lives are coming to a close. Each of the three major characters reside in a separate cottage in a hospice care center. The hospice allows terminally ill patients to live out their remaining time with loved ones around them. We see these family groups making the transition together from one phase of life to another. National critics have applauded the play and described it as beautiful, sensitive, funny, gripping, memorable, compassionate, and even genuinely comic.

Performances will be at 8 p.m. on April 8 and 9, and at 3 p.m. on Sunday, April 10. After the Sunday afternoon performance, Ms. Mary Raymer, Hospice Director at Munson Medical Center, will hold a group discussion about the play between any interested audience members, the cast, and the play's director. She will respond to questions concerning the play's relationship to actual hospice experiences, and discuss the theory behind the hospice movement, attitudes about death and any other relevant topics.

The Friday night performance will also feature a dinner catered by Fred's Dining of Roscommon, served in the Student Center at 6 p.m. Reservations must be made in advance by calling 517-275-5121, extension 276 between 8 a.m. and 5 p.m.

Tickets for the play will be \$3 for general admissions and \$2 for senior citizens and students. Tickets for the combined Dinner/Theater are \$8 and \$7. All are available at the Roscommon Hardware, Gould's Rexall Drugs in West Branch, Fitzgeralds Home Center in St. Helen. The Dressmakers in Mio, the Rose City Public Library, the Grayling Holiday Inn, the Houghton Lake Chamber of Commerce, and the Kirtland Bookstore.

For further information, call Kirtland at 517-275-5121.

GHS Players Begin Production On Broadway Musical

The Grayling High School Players have begun production on their annual Broadway Musical which this year will be staged on May 5, 6, and 7 in the Joseph Stripe Auditorium. This year's production will be the Rodgers and Hart 1937 hit, "Babes In Arms". Tickets for this year's musical will go on sale Saturday, April 16 with all seats reserved. Tickets may be purchased at the Grayling Mercantile in downtown Grayling.

Highlighting the cast of "Babes In Arms" will be Grayling High School Senior Tim Taylor playing the role of Valentine, the apparent leader of a group of apprentices who work at a summer stock playhouse in Connecticut. Co-starring in the production as Susie will be Shelly Leal.

"Babes In Arms" is a well rounded show, complete with plenty of singing and laughter. The story, though simple, is interesting and amusing. The one thing which "Babes In Arms" has in abundance is dancing with steps ranging from slapstick routines to formal ballet steps, with plenty of opportunity for the principle dancers to display their talents. Dancing in these two positions, as well as playing important roles in the play, will be George Morse and Shawn Lovely.

To The Editor,
I am writing this letter to bring attention to an object in the City of Grayling. This object, once a thing of beauty and a mechanical masterpiece in its time, is now sitting in disgrace & disrepair.

I am referring to the T-33 or F-80 Shooting Star, which ever you prefer, that is mounted on the post at the American Legion.

Being an Air Force vet., it grieves me greatly to see such an aircraft go to waste that way. My pride in the service warrants this letter. Myself and quite a few other people would like to see it cleaned, waxed & the paint work redone, to bring it back to its former glory.

It was also a wish of the late E.J. Wales to see it done. It was a thorn in his side to see it go that way.

I will volunteer my time to help on this project I hope many more will help. Quite possibly the Air Force would help with the painting.

If you want to see what an F-80 should look like, there is one at the Kirtland Aviation Facility on 27 North.

We would appreciate any & all help we can get on this.

Thank you,
Jim Pickell

The New Dream

By Rev. Thomas A. Bruno
Minister of
The Congregational Church
Roscommon

It was early in 1942 that General Douglas MacArthur was ordered to leave the Philippine Islands. His last words to the Filipino people were a solemn promise, "I shall return." There were many dim moments in the months and years that followed. The victorious Japanese swept through the Philippines and on across the southwest Pacific as if they were invincible.

All the efforts of the Allied forces seemed too little and too late. Yet chalked on the walls here and there and whispered to the common people were the words, "I shall return." The suffering and senseless killing lasted 3 1/2 years. All the pain was forgotten when MacArthur waded ashore at Leyte in 1945. He made good his promise!

When Jesus left this earth, He made it clear that He was coming back again. That hope is kept alive among His people. He said to His disciples that He would not leave them alone, but would come to them again through His spirit and later in person.

Christians even celebrate the Lord's Supper with this hope, "Until He comes again."

Someday, without question, He will wade ashore on our earth and make good His promise. Don't get caught just waiting when you should have been working, loving, sharing and giving. Until that glorious return, let us be faithful to the truth given to us!

"House Rich" but "Cash Poor"

Many older persons in Michigan are "house rich" but "cash poor". That is, they have a great deal of equity in their homes but are living on low fixed incomes. Is it possible for them to stay in their homes while using their equity for income or special purposes? The idea is working in some parts of the United States, but will it work in Michigan?

A Symposium on Home Equity Conversion will be held April 11, at the Kellogg Center in East Lansing, to explore the possibilities.

The day-long event - sponsored by the Area Agencies on Aging Association of Michigan, in cooperation with the Michigan Housing Coalition, and with funding by the Charles Stewart Mott Foundation - will bring four major leaders in the field of home equity conversion to Michigan.

They are:
• Ken Scholen, of Madison, Wisc., director of the National Center for Home

Equity Conversion;

• Don Ralya, director of the San Francisco Development Fund, which is the nation's largest developer of home equity conversion projects;

• Donna Guillaume, of Buffalo, N.Y., director of the Home Equity Living Plan, a publicly-funded project which allows older persons to sell, then lease back their homes, and

• Leo Baldwin, of Washington, D.C., housing consultant for the American Association of Retired Persons (AARP).

In addition, the symposium will introduce three projects being considered for Michigan. Scheduled from 9 a.m. to 4 p.m., the event includes a general session, lunch, roundtable discussions with the national speakers and workshops on tapping the Michigan market and consumer protection. Fees are \$15 for the general public and \$10 for senior citizens and students.

of Law

A contract does not have to be in writing unless a statute requires it. However, certain contracts, to be enforceable, may NOT be oral, such as those for land sale or for merchandise valued over \$500.

Take care of that cold. In West Virginia, you'll break the law if you sneeze on a train.

Treaties between the United States and other countries guarantee many rights to their nationals living in this country; for instance, an alien generally has the right to make a contract.

An APPELLANT is the party who takes an appeal from one court to another. The RESPONDENT or APPELLEE is the party who does not want to reverse the decision of the lower court.

"The Law: It has honoured us, may we honour it."

New Tax Plan,
Pegged To Economy,
Clears Legislature

Warren M. Hoyt, Executive Director, MPA

Michigan joined other surrounding states recently with the enactment of an income tax increase to cover sagging state revenues.

The Legislature hammered out agreement on Governor James Blanchard's 38 percent income tax increase to solve an immediate \$900 million budget deficit and prepare the state to provide for future services which have been subject to severe cuts during the past few years.

The new tax plan, which immediately increases the personal income tax rate from 4.6 percent to 6.35 percent (retroactive to January 1), also recognizes an upturn in the economy and provides for reductions based on declining unemployment rates.

The tax also has specific roll-back dates for both the regular income tax and a .25 percent surcharge from which revenues are designated to be used to solve the state's immediate cash flow problems and bringing the state's bond rating back up.

Following final legislative action, Blanchard said the Legislature has taken the necessary first step. "Today, we began to stand up for ourselves," he said.

Blanchard added that with a little bit of luck, the package will put the state back into fiscal health, but that means by the third year at least, some economy recovery at the national level is necessary.

The income tax increase would produce some \$675 million through the end of the current fiscal year - September 30 - which is to be coupled with executive order budget cuts of \$225 million to eliminate the projected deficit of \$900 million.

The revised proposal provides for a three-year automatic reduction to 5.35 percent (including the .25 percent accumulated deficit elimination surcharge) with unemployment rate reductions potentially further

reducing the rate back to the current 4.6 percent or even to 3.9 percent should the state's unemployment rate reach 7 percent.

The tax rate goes up by 1.5 percentage points immediately through the end of the current calendar year. The hike will be reduced to 1.25 percent at the end of calendar 1984 and .5 percent after calendar 1985.

Besides the automatic reductions, unemployment rate reductions would work independently to further reduce the tax rate.

An adjusted scale would provide for a .1 percentage point reduction for every .5 percentage reduction in the unemployment rate with the first reduction taking place when the rate reaches 14 percent.

The schedule would bring about a total elimination of the present increase should the unemployment rate reach 9 percent and the rate could go as low as 3.9 percent (the early 1970's rate) should unemployment ever return to 7 percent in Michigan.

A specific expiration date of the .25 percent cash restoration surcharge was added to the final version of the bill.

The surcharge will automatically expire on September 30, 1986, even if the near \$1 billion deficit in accumulated debt due to cash shortages and deviations from generally accepted accounting principles is not eliminated.

Legislative Republicans, who almost unanimously opposed the plan from the outset, continued to express concerns of the passage of the tax hike.

Republicans appeared willing to vote for a one-year tax proposal to help the state out of its immediate revenue problems, but charged taxes beyond a year would produce a revenue surplus thus leading to additional state expenditures.

Reynolds Named All-State Skier

Karyn Reynolds, GHS junior, was selected to the Michigan All-State girls first team for the second year in a row.

Reynolds, only 16 years old, won the state slalom championship and took fourth in giant slalom in spite of a thigh injury.

In a Detroit News article by Jack Berry, Grayling coach Mike Wieland said, "If our team hadn't qualified for the state meet, she wouldn't have gone even though she qualified to go as the winner of the slalom in our regional."

"She went because we only had six girls left — she said she'd race for the team. She's a gutsy little kid."

"I've worked with her since she was in the second or third grade and when she gets in the starting gate, she has only one thought: To go as fast as she can."

"She won every high school race she competed in this year except the GS at the regional where she fell...that was her first fall in a high school race in two years...and in GS at the state where she just couldn't push off that leg. I personally didn't think she'd finish the course in the state GS."

"She's walking good now but there's still discoloration in the thigh and she's bored because she can't run. She's on the track team and is a very good distance runner. She's also an almost all-A student," Wieland said.

Chamber Chatter

By Joyce Kolka

BY GUEST WRITER, DON GEISS

The opening weekend trout fishing contest plans are nearing completion. Skip's Sport Shop and the Chamber will co-sponsor the affair.

Headquarters for the contest will be at Skip's and Trout Contest badges will be distributed to various businesses where anglers can be expected to patronize. While the badges need not be purchased in advance for an individual to be eligible, there will be a separate outdoor oriented prize for purchasers. A badge may be purchased at the time one enters a fish in the contest.

Separate first, second and third prizes will be awarded for the largest brook trout and the largest brown trout. The fish will be judged by length. In case of a tie, weight will be the deciding factor.

The contest will begin on Saturday morning, April 30 and end Sunday afternoon May 1.

Barry and Marilyn McClanahan will host a Grand Opening Friday April 8 at 11:00 a.m. for their new Bear's Country Inn. The location is on the 1-75 Business Loop North in the last building south of North Down River Road.

Local business persons and elected officials have been invited for the open house and the McClanahans will have a special welcoming treat of cheesecake and coffee for visitors that day. They also expect to have other introductory items on the Grand Opening Day.

The Grayling Beautification Committee has planned a Cleanup Campaign in Grayling for May 19. The committee is requesting civic organizations and clubs to turn out in a challenge type of competition to clean individual sections of the city.

The Grayling Rotary Club is the first organization to commit to participate and has elected to cleanup the City Park and surrounding area. They have challenged other groups to have a larger turnout for the cleanup than they do.

Speaking of the Beautification Committee, they are planning to sponsor a sign at the four entrances to Grayling informing visitors about the meeting location of various civic groups. The Grayling Rotary Club has volunteered to erect the framework for the cooperative signing.

Of major importance this week is the announcement of a general membership meeting of the Chamber Members on Thursday, April 14 at the Holiday Inn beginning at 7:00 p.m. The meeting will provide members with an idea of the plans for the Chamber this year and next. (See separate article in this edition of the Avalanche.)

Our Chamber Member of the week is Norma Naour who is a member of the Board of Directors. Norma was last year's chairperson of the Homemakers Holiday Show and is presently heading a committee to conduct a seminar for Chamber Members.

She has been director of the Miss Grayling Pageant for the past five years which alone is a monumental task. Norma is a member of the Grayling Chapter of the American Business Womens Association where she heads the Membership Committee. She has also served that organization in many other capacities.

Our hats off to Norma Naour as a truly community oriented person...

One hundred sixty-two feet high and one hundred forty-seven feet wide Napoleon built his arch of triumph. Proudly it rises above the Place de l'Etoile reminding the world of an Emperor's early victories — and later defeats.

On the road from Bethphage to Jerusalem centuries before there had been another arch of triumph. Nature had fashioned it of palm trees. Beneath their bowing branches the Prince of Peace rode into the city that was to crucify Him.

Scriptures selected by The American Bible Society

Jesus, unlike Napoleon, never had need of a gigantic monument to help the world remember Him. The doors of a million sanctuaries bespeak His victory. Men pass through them not to gaze upon the majesty of carved stone, but to worship and serve the Son of God.

Napoleon bought for himself a transient glory at the price of other men's blood.

Jesus bought for all men eternal life — at the price of His Own Blood!

DISASTER VAN—A new disaster van was purchased by the Michigan Conference of Seventh-day Adventists for the Community Services program for the state of Michigan. The disinterested benevolent program entitled Community Services has a disaster preparedness program that ties in with the Federal Emergency Management Agency (Civil Defense) with headquarters in Washington, D.C.

The new Dodge maxi-van is equipped as a multi-mobile vehicle and is a versatile unit that includes a feeding station, rescue operational equipment and also serves as an ambulance in times of a declared disaster.

The van is equipped with 3 radios with a C.B. unit for local communication and a ham transceiver for unlimited scope. Emergency flashing lights including external speakers add to the versatility of the van.

The state of Michigan has been divided into 8 federations with 40 licensed operators who have committed themselves to cooperate in times of a declared emergency with those organizations who are dedicated and responsible to meet the needs of suffering humanity.

The van is one of eight to be purchased and used in the state of Michigan. As funds become available the vans will be purchased and equipped in similar fashion.

The community services disaster program is entirely a volunteer program with no paid salaries and all services are free.

The Disaster Van will be a part of the Volunteer Fun Day on Saturday, April 23, 1983. It will be parked at the middle school parking lot on the South side of the school so that everyone can stop by and see what is available in case of disaster. The American Red Cross will also have their unit available for people to tour. Plan now to attend this event.

SPECIAL EVENTS
April 14th — Harrison Day, "Spring Hop". The Harrison Dance Band will be here again for dancing and dinner. Dinner is \$1.35 donation at Noon and we ask you to each make a donation towards the band travel expense, too. Make dinner reservations, 348-9314. Come at 10:00 a.m. and greet the Harrison Senior Citizens, and dance until 2:00 p.m. We also are having a homemade hat show. Wear a hat to the dance. Prizes will be given during dinner for prettiest, funniest and most original. All are welcome.

OUTSTANDING SENIOR CITIZEN
During the month of April, we invite everyone to nominate a Crawford County Senior Citizen to be the 1983 Outstanding Senior Citizen. Get a picture and write a few paragraphs about this person and bring it into the Center. We plan to put the pictures and an article in the Avalanche all during the month of May with ballots to vote on during June. July 4th the winner and three runners-up will be on our parade float and presented to the community. On August 4th, they will be crowned at the street dance and presented with a \$25.00 Gift Certificate. Think...look around you and find the Senior Citizen which you feel will best represent our community. It's a hard job. They are all so very great. The nominee must be over 60 and a resident of Crawford County and be still contributing to, or have been contributing to the good of the county. You decide in what way. Some people have raised a wonderful family, some are just plain good, fun loving, serving, kind people. Who would you like to see honored? For more information, please call 348-9314, or stop by the Center at 308 Lawndale in Grayling.

The month of March was a busy one for the AuSable Valley Youth Service Bureau. Two activities highlighted this month's schedule. On March 23, 1983, Jim Coats and Sam Cornelius presented our second part to our Alcohol and substance abuse seminar. The second part of the seminar dealt chiefly with drugs and other dangerous substances. The presentation, which took place at the High School, was attended by over fifty youth. These two substance abuse counselors did an excellent job of presenting the facts and answering student's questions.

The big recreational event for March was the Spring Fling Dance held at the Middle School. It was attended by nearly one hundred students. It was a success in every sense of the word. We would like to thank Russ Phillips and Mike Gardiner for their assistance in putting on this activity. The Grayling office of the AuSable Valley Youth Service Bureau is asking area employers to contact our office if you are thinking of employing youth this summer. Our office knows of a large number of students who are currently looking for part-time or seasonal employment. All of these students have completed our Job Skills training program and many have had some past job experience. While we are not an employment agency, we do believe that we can assist you in hiring students that have the qualities necessary to make you a good employee. Last year we helped over thirty youth find summer jobs and all but two finished out their seasonal employment. Please, before you hire your staff for the summer, give our office a call. We would be happy to recommend some possible employees to you. Please call us at 348-2841 Ext. 262 between the hours of 9:00 and 5:00 Monday through Friday.
